

# Firefox Statistics – Market Share, Trends and Usage Stats To Look Forward In Years To Come

Michael Singer Updated · Oct 06, 2023

## Firefox Statistics

**Page Contents** [\[click to show\]](#)

Firefox Statistics: Initially, **Firefox** was launched as an experimental division of the Mozilla codebase. The first Firefox browser known as Firefox 1.0 was unveiled by Joe Hewitt, Dave Hyatt, and Blake Ross in 2004. In no time, it became a huge hit among internet users. Mozilla Firefox or Firefox is an open-source and free web browser available for users around the world.

In November 2009, the usage share of Firefox shot up to a peak of 32.21% as Firefox 3.5 overtook Internet Explorer 7. The browser saw a significant decline in the usage share after **Google Chrome** was launched; however, it still remains the fourth most

Despite some of its failings, the Firefox browser still matters to many users due to its privacy features. Mozilla Firefox continues to innovate for the benefit of users and the growth of the web. However, Mozilla needs to diversify its revenue sources to reduce its dependence on search agreements. Mozilla Firefox web browser is an obvious choice for users who look for privacy in their internet experience.
